Functionality meets
convenience.

For us, good design means more than just a beautiful form. That's why we work hard to design products that make your life easier and better when on the go.

Protection
all around.

Your laptop is one of your most valuable possessions and deserves special treatment. With thick padding, felt lining and a patented corner-guard protection system, Everki goes extra miles to protect your computer from bumps and scratches. We have also designed a built-in hard case for your expensive eyewear and other delicate gadgets.

Quality matters.

We believe that good quality begins with the details. Self-healing zippers, durable materials, metal zipper pulls, genuine leather handles and accents and more are just some of the quality details that customers can see.

A lifetime
companion.

Everki makes products of value because we value our relationships. Every product Everki makes comes with our Limited Lifetime Warranty which covers manufacturing defects over the entire life of the product. We give you peace of mind.

ContemPRO™

ContemPRO™

You're entering a new chapter in life and ready to roll up your sleeves for that first career job – it's a huge moment. This is your opportunity to make a great first impression; and you love opportunities.

The ContemPRO series from EVERKI is designed for people like you. Quality construction, durable materials, innovative design and intuitive organization provide everything you'll need in your first professional bag. And with a personalizable window on the front of each bag, you can customize the bag to match your style. So whether your personal business style calls for a backpack, briefcase or messenger, EVERKI's ContemPRO line of laptop bags offers the perfect balance of professionalism and self-expression.
